## Attachment A

Statement of CPNI Procedures and Compliance Public Communications Services, Inc.

## Statement of CPNI Procedures and Compliance

Public Communications Services, Inc. ("PCS") operates solely as a provider of inmate operator services and as such provides only automated operator assisted call completion services to inmates of confinement institutions. Therefore, all of its services are provided outside of any subscribed service relationship and it does not obtain any CPNI. The only information the company has access to is the raw call record containing the call-from number, the call-to number, the bill-to number, and the duration of the call. Calls are either billed by the local exchange carrier or provided on a prepaid basis only.

PCS does use nor permit access to CPNI to market any telecommunications or non-telecommunications services.

Should PCS expand its business in the future to include the provision of services that involve CPNI, it will follow the applicable rules set forth in 47 CFR Subpart U, including, if necessary, the institution of operational procedures to ensure that notification is provided and customer approval is obtained before CPNI is used or disclosed.

Requests for raw call records by law enforcement agencies are only granted if a subpoena is provided.
